TILLMAN SAYS HIS MAIL IS BEING HELD

Suggests That President's Cabinet Is Composed of Head Clerks Or Bootblacks. Calls Bonaparte Liar.

IS READY FOR WORST.
EVEN ASSASSINATION

Suggests Session Ananias Club To Determine Rank Of Attorney General.

"I am not only dealing with Roosevelt, but with his cabinet, because, according to the newspapers, they are discussing me at cabinet meetings and are determined to accomplish my ruin. I suggest that there be a meeting of the cabinet officers, or head clerks, or bootblacks, or whatever the president has about him, or else of the Ananias club, to determine what degree should be conferred upon this man Bonaparte and this man Meyer. "When I am dealing with an unscrupulous man, as I am now, I am prepared for anything, even the assassin's knife. My mail is being held. I am satisfied of that. I will not say my room has been broken into, because there are keys which will open everything in this capital. They may have not stolen my papers, but they are gone." Senator Tillman in senate yesterday.

WASHINGTON, Jan. 14.—Addressing the senate for the second time in regard to the allegation against him in connection with Oregon lands, Senator Tillman today made a reply to the utterances of Attorney General Bonaparte and Postmaster General Meyer.

He quoted a portion of Bonaparte's statement last Monday, in which the latter declared Tillman had not told him of a deed to Oregon lands made in question, and finally contradicted the head of the department of justice. He declared he had been entirely frank with Bonaparte and fully explained to him his interest in those lands. He attributed the "fact" generally attributed to a desire to bolster up the president.

Meyer was brought into the discussion because of a statement made by him regarding the investigation of the Dorr case. Tillman said Meyer's effort to make it appear that the inquiry had been directed originally against Dorr was not based on the truth. He declared from the first the inquiry had been directed against him (Tillman) and never to bring out the fact that the land which he attempted to get was not government land at all, but land granted as far back as 1868, under condition that it should be sold at \$250 per acre.

Tillman read the letter he received from Bonaparte in response to a verbal request made yesterday for information concerning legal proceedings that had been brought by the department of justice against the Southern Oregon company, which holds 7,000,000 acres of timber land granted in connection with the Gooch Bay wagon road.

Tillman closed with a renewal of his demand for an investigation. He said he had prepared everything, even the knife of the assassin.

Speaking of differences of collection between himself and Attorney General Bonaparte, Tillman declared "I am ready to have my word put down and to let my record in the past for honesty and integrity stand against me."

Tillman asserted that he was not only dealing with President Roosevelt, but with all the cabinet officers, because, he said, according to the newspapers, they are discussing me at cabinet meetings and are determined to accomplish my ruin if possible. "When I deal with an unscrupulous man, as I do now, I am prepared for anything, even the assassin's knife. My mail is being held. I am satisfied of that. I will not say my room has been broken into, because there are keys which will open everything in this capital. They may not have stolen my papers, but they are gone."

Tillman then narrated a conversation with the president and his cabinet officers, in which he said he had been told that the president was not only dealing with President Roosevelt, but with all the cabinet officers, because, he said, according to the newspapers, they are discussing me at cabinet meetings and are determined to accomplish my ruin if possible.

TEMPE TEACHER IS STRANGELY MISSING

TEMPE, Ariz., Jan. 14.—The mysterious disappearance of B. Nevins, professor of manual training in the Union high school, has excited much alarm here. He was last seen Monday evening. He has been in ill health the past two weeks, and mental aberration is feared. Diligent search is being made by the county officials.

\$1,000,000 AND TWO LIVES LOST IN WRECK

Careless Switchman Said To Be Responsible For Disastrous Accident On Canadian Pacific.

VANCOUVER, B. C., Jan. 14.—Two lives were lost and silk valued at \$1,000,000 was destroyed as a result of the alleged carelessness of a switchman who left the switch points open and derailed a train on the Canadian Pacific railroad. The accident occurred seven miles east of Swift Current, where a passenger train carrying 100 persons was killed and Engineer Deaton was seriously injured. Four cars of silk were destroyed. The material was being shipped in bond to New York merchants and had come from the Orient via Vancouver.

JAPAN'S TRADE LOST IF RATES ARE HIGH

So Says Consul From Nippon In Address To Advertisers' Club.

CHICAGO, Jan. 14.—A warning that further increase of trans-continental freight rates would result in the destruction of American port trade with Japan, was sounded today by K. Matsumura, the Japanese consul at Chicago, in addressing the Chicago Advertisers' club. Even now, he said, preparations were being made to withdraw some of the Japanese steamers from the trans-Pacific route.

"The proposed advance," said Matsumura, "if carried out, means a loss of several millions of your total exports, and if those to the Philippines are included there will be no more talk of Oriental trade in the United States, as there will be none to talk about."

He had over the telephone yesterday with Attorney General Bonaparte, in which he asked whether suit had been brought against the Southern Oregon company, the holder of the military road grant.

"He did not know," said Mr. Tillman. "He declared that up to this time and after nine months, nothing had been done in response to the order of congress to bring the suit. The fact was," said Mr. Tillman, "that the attorney general had gone into print to bolster up the president and charge the two cabinet officers, or head clerks, or bootblacks and whatever the president has around him."

He suggested that there should be a meeting of the executive committee of the Ananias Club to determine what degree should be conferred upon "Charles J. Bonaparte and this man Meyer."

Tillman laid stress on the fact that he had not prepared to obtain any government land, but only to purchase land that had been given a corporation with the stipulation that a corporation should sell it to the public at \$250 and acre.

ATTELL WINS FIGHT IN THE TENTH

Weeks Out of His Class From Sound of Gong To Knock-Out.

GOLDFIELD, Jan. 14.—Weeks was knocked out tonight in the tenth round by Attell. Attell had all the best of the fight and one minute after the opening of the tenth round ended the contest with a series of swings to the head and jaw, staggering Weeks, and then with a right cross to the jaw knocked him for the count. Attell picked up his fallen antagonist and carried him to his corner.

TUNNEL UNDER TACOMA TO BE 8,647 FEET LONG

SEATTLE, Wash., Jan. 14.—J. D. Farrell, general manager for the Oregon & Washington railroad, a Harriman corporation, to the Sound, awarded the contract today for the construction of a tunnel under the city of Tacoma, to Arvid Rydstrom and H. C. Hosen, of Tacoma.

PROGRAM ARRANGED FOR CATTLE MEN

LOS ANGELES, Cal., Jan. 14.—The chamber of commerce has arranged the following program for the Annual National Live Stock Association convention which will open here January 20th and continue until and including January 29th. The sessions will be held in the Belasco theatre and Arden's orchestra will enliven the occasion between speeches.

A reception to the delegates will be given at the chamber of commerce quarters on the evening of January 26th. An opportunity to inspect the Y. M. C. A. building where the delegates will be entertained with basketball and indoor games on the evening of January 27th.

On the afternoon of January 28th an automobile ride around the city and suburbs. A trip to Pasadena will be given on the morning of January 29th, and an opportunity to those who wish to visit Mt. Lowe on the afternoon of January 30th. Delegates will have reservations at the Olympic club matinee at Agricultural Park.

NO VERDICT YET IN HAINS CASE

PITTSBURGH, N. Y., Jan. 14.—At midnight the jury in the trial of Thomas J. Hains, charged with the killing of William E. Anus, was still deliberating upon the case. It had been out several hours.

CAR LOADS OF SAND HOLD BRIDGE SAFE

Floods in Sacramento Valley Destroy Property, Threaten Welfare of City.

SACRAMENTO, Cal., Jan. 14.—Following the heavy downpour from midnight to noon today, the American river poured a flood into the valley that probably had never been equaled. This did not place Sacramento in the danger zone, however, as the Sacramento river was not in flood, and the waters of the American had comparatively free access to that stream. Sacramento is safe and it appears that there is no immediate danger of the levees giving away either above or below the city.

The heaviest damage is to railroads. No steam trains are leaving Sacramento for the east for the north. The American river bridge at Elvas, three miles from this city, is out of plumb and cars loaded with sand have been run out on the structure to anchor it in place.

A 160-foot span of the Southern Pacific bridge over the American river at Elvas station, north of the city, was washed out late tonight. Traffic over the mountain will be tied up for an indefinite period.

GOVERNMENT MAY SUE NEWSPAPERS FOR LIBEL

WASHINGTON, Jan. 14.—It is earned today upon reliable authority that the department of justice has turned over to United States District Attorney Sinton, of the Southern district of New York, all papers connected with the Panama canal purchase, which has been the target for criticism for the last six months. It is believed that this transfer is made with the view of bringing criminal action in New York against publishers of newspapers who have been held responsible for the reflections on the transaction.

LOOKS LIKE STATEHOOD AT SHORT SESSION

WASHINGTON, Jan. 14.—Arizona and New Mexico are in a fair way to become full fledged states during the present congress. It was learned today that the house committee on territories will soon take up the statehood measure.

NO TREES IN FORESTS OF GOVERNMENT

So Declares Gov. Brady, Idaho, Amid Laughter, In Address To One Thousand Sheepmen In Convention.

POCATELLO, Idaho, Jan. 14.—One thousand sheepmen attended the opening session of the National Wool Growers' convention in this city today and listened to a bitter arraignment of the federal forestry bureau by President Fred W. Gooding, of Shoshone.

Gooding declared that the government in its administration of the national forest and of the reclamation had failed woefully. He urged that congress be asked to name a committee of western men to investigate and report any needed changes in the rules and regulations governing these two bureaus.

Governor J. H. Brady in an address of welcome in behalf of the state, provoked laughter when he said he would like to invite the wool men to the cooling shade of the trees in Idaho's forests, were it not for the fact that the reserves were bare of trees.

Cole J. Ball, of Laramie, mounted the keynote of the convention when he said "Gifford Pinchot has had control of something like 100,000,000 acres of land and he has failed to get control of 500,000,000 acres, which was fortunate for the western people. Where I live we were all afraid to own land and tried to get rid of what we possessed."

President Fred W. Gooding delivered his annual address. J. E. Wing, of Mechanicsburg, Ohio, the eastern vice president, was unable to be present, and his address was read by W. F. Burch, of Chicago.

YORK COUNTY FARMER CONFESSES MURDER

Story Told by Supposedly Dying Girl Found By Police To Be True.

YORK, Pa., Jan. 14.—Harry Keener, a York county farmer, confessed today that the story told by a girl of this city that he killed a man on his farm last July is true. The identity of the victim is still unknown. The girl accused Keener while she was lying on what was believed to be her death bed.

HUNGARIAN COAL MINE ENTOMBS 240 MEN

Forty-Five Bodies Recovered. Many Victims Accident May Be Rescued Alive.

VESSEPERIM, Hungary, Jan. 14.—In an explosion caused by fire damp in the Aueha coal mine here today, which was followed later by a dust explosion and fire, two hundred and forty men were entombed. Sixteen living miners and the bodies of forty-five dead persons thus far have been brought from the pit. The fire has been held on one gallery, and it is believed many entombed men will be rescued alive.

JAPANESE VESSELS MAY VISIT AMERICA

TOKIO, Jan. 14.—There has been no decision reached concerning the visit of any Japanese naval vessels to American waters. In any event, only two cruisers of the training squadron will go. The Associated Press is informed that this is under consideration by the navy department, and a decision may be reached by the end of January. If the trip is made, by the Japanese navy will be a purely educational nature.

OFFER WAS TURNED DOWN

One of the big brokerage firms in Michigan has made an offer for a block of \$50,000 worth of the Santa Rosa stock. A considerable amount of this stock is held in the east and it would seem that they are anxious to get a good hold on this property. As there are only 2,000 shares of this stock which remain to be sold this offer was turned down.

THE MASONS MEET.

There was a meeting of the Masonic lodge last night when work in the second and third degrees was done. There is much work being done by the Masons this winter and several new applications have been passed favorably upon during the past few weeks.

MAKING NICE DISPLAY.

Uncle Sam, who has just returned from the east, is busily engaged in fixing up his show windows. He has purchased a fine line of jewelry and is arranging the display in a very attractive manner. He says that business is increasing, and that he has been forced to add materially to his stock to meet the demand of his rapidly growing business.

GOLD DEAL FOR THE REVOLUTIONISTS

District Court Withholds Order For Hearing of Mexicans In Arizona.

LOS ANGELES, Cal., Jan. 14.—About two weeks have elapsed since the Supreme Court of the United States decision on the appeal of the attorneys representing Ricardo Flores Magón, Antonio I. Villarreal and Prof. Librado Rivera, to prevent their extradition to Arizona, and no word has been said indicating at what time they will be removed from the county jail. The men are now in charge of the United States marshal who can not take them from the jail until he receives instructions from the district court. Attorney Harriman says he has no information as to when the prisoners will be taken to Arizona.

"They are anxious to reach the territory as soon as possible," said the attorney. "Naturally, they should have been removed some time ago, and they should be on the ground to demand a hearing or dismissal of their cases. Because of the delay, it is probable that the March term of the district court in Arizona before which they are expected to appear, will have ended before they can prepare for a speedy hearing. In this event it would mean another long term in jail."

Seven Valley. The girl said that after Keener had killed the man, he buried the body in the orchard. After much questioning by the police Keener admitted the crime today. Keener said his victim was a stranger who came to his house in the night, and without apparent provocation threatened to kill him. He said he shot through the glass in the door of his home and killed him.

ROJESTVENSKY HAS CLOSED UNHAPPY LIFE

ST. PETERSBURG, Jan. 14.—The death of Vice Admiral Rojestyevsky is announced. He was in command of the Russian fleet May, 1905, when it was practically annihilated by the Japanese in the battle of the Sea of Japan. The admiral was condemned to death by the government, but the sentence was changed to imprisonment.

TOPEKA LANDMARK A MASS OF RUINS

Copeland Hotel Burns—Former U. S. Attorney Lambert Dies In Flames.

TOPEKA, Kan., Jan. 14.—With walls blackened by smoke, bulging to the danger point and threatening to cave in at any time on an interior of utter ruin, all that remains of the Copeland Hotel, the rallying point of the Republican party of Kansas for years, is a mass of ruins.

The body of U. S. Attorney Lambert, who was under examination at the time of the fire, was found in the ruins to-night, with the head, arms and legs burned off. The body was found in the northeast corner of the building. Lambert's room was on the fourth floor directly above.

FRISCO ISOLATED FROM THE NORTH

Heavy Rains Destroy Railway Track—Big Bridge Gives Way—Storm General.

SAN FRANCISCO, Jan. 14.—Damage resulting from the floods caused by the unusually heavy rain storm that has swept over the central portion of the state for three days, culminated to-night in the cutting off of railroad traffic between this city and all points north and east of Sacramento, when two spans of the American river bridge, three miles east of Sacramento, were carried away by the rising waters.

The bridge is on the main line crossing of the Southern Pacific company between Sacramento and Roseville junction, where the Shasta route to the north branches off. By its destruction and the washing out of a bridge near Marysville the company has been cut off from all its overland routes tapping this portion of the state, with the exception of its southern lines.

In this city and the bay counties generally, rain has fallen heavily all day and night, and the weather office predicts a continuance.

At Stockton portions of the city lying on low ground are partially inundated and a few inches of water covers the streets at Visalia. The danger is past for the night, though fears are entertained for the outcome when the crest of the flood that is pouring down every waterway from the foothills reaches the wide spread irrigation districts. The storm is general throughout the central portion of the state and reaches across the Sierra Nevada to Reno, Nevada.

ANOTHER GRAFT CASE.

SAN FRANCISCO, Jan. 14.—John J. West, law partner of Abraham Ruef, was arraigned before Judge Cabanis today on a charge of attempting to corrupt and influence the vote of John R. Foley, who was summoned as a juror in the Ruef bribery trial. At the request of the defendant the case was continued until January 31.

HENEY TERMS INSINUATIONS DEFENSE DIRTY

Opposing Attorneys In Calhoun Case Exchange Lively Comments—Only One Left on Jury.

MANY CHALLENGES
BY BOTH SIDES

One of Jurymen Declares Attempt Was Made To Learn His Attitude.

SAN FRANCISCO, Jan. 14.—Two incidents interrupted the somewhat monotonous examination of jurors in the trial of Patrick Calhoun today. Joseph Dixon, sole survivor of the first dozen men summoned to the box last Thursday reported to the court what he considered an attempt to ascertain his attitude toward the bribery graft prosecution, and Stanley Moore, of the defense engaged in a wordy war with Assistant District Attorney Francis J. Heney in defense of his right to question the prospective jurors in regard to immunity extended to former supervisors who will appear as witnesses in the case.
